EHS 0146 ~ Fire Barrier Awareness training

Course Syllabus

Subject Category: Fire Protection
Course Length: 10 minutes
Delivery Mode: Online

Course Prerequisite: No
Medical Approval: No

Course Purpose: This training explains how to identify fire walls in order to prevent them from being compromised. It is for Division Safety Coordinators, Building Managers, Building Emergency Team members, and Facility Division personnel involved with design and construction activities.

Course Objectives: After completing this training participants will be able to:

- Identify different types of firewalls
- Understand their purpose and function
- Identify factors that affect their integrity
- Know what to do if you see situations that compromise a firewall

Course Instructional Materials

- Online training consists of models, videos, pictures and activities.

Written Exam: No

Practical Exam: No

Retraining/Recertification: No
