**EHS-155**  
**Building Emergency Team Seminars**

**COURSE SYLLABUS**

**Subject Category:** Building Emergency Teams

**Schedule:** Quarterly

**Course Length:** 2.0 hours

**Medical Approval:** None

**Delivery Method:** Classroom

**Location/Time:** To be determined

**Course Prerequisites:** EHS 154; EHS 116; EHS 530

**Retraining/Recertification:** N/A

**Course Purpose:** This course is designed for Lab employees who have been assigned as members of Building Emergency Teams (BETs) and have received the basic training required (EHS 154, EHS 116, EHS 530). These seminars will update and refresh the skills already learned, i.e.: responsibilities of fire department; utility turn off switches; rescue boxes; first aid triage, etc.

**Course Objectives:**

- To update BET members on skills learned in initial training.
- To familiarize BET member with the additional emergency response skills.

**Course Instructional Materials:**

- PowerPoint slide presentation
- Tapes and other material will vary with presentation.

**Instructor:** Emergency Services Program Staff (X2240)

**Training Compliance Requirement:** No.

**Course Handouts:** As appropriate to material covered.

**Participant Evaluation:** Written critiques of trainer, training, and materials.

**Written or Practical Exam:** No.

**Retraining/Recertification:** No.

**Web Resources:** Guidance documents and other LBNL Emergency Management information available:
