Subject Category: Electrical Safety  
Course Prerequisites: EHS 0539, EHS 0370

Course Length: 5 hours  
Medical Approval: None

Delivery Mode: Classroom  
Frequency: Every 3 years

Course Purpose:
This is the first course in a series required for QEW1. The course provides a foundation for workers to understand and apply ISM within the context of electrical work, associated drivers and resources available to ensure electrical safety in the workplace, including an introduction of the Lab’s Electrical Safety Program from the QEW perspective.

Course Objectives: Upon completion of the course the student will be introduced to the following:

- PUB 3140 Integrated Safety Management System.
- Electrical AHJ’s (Authority Having Jurisdiction) and their areas of responsibility
- Effects of electrical energy on the body.
- Electrical Injuries and Emergency Response.
- Role of the QEW1 in providing assistance to non-QEW personnel.

Subject Matter Expert: Mark Scott, Stephanie Collins

Course Instructional Materials: PowerPoint presentation and video

Performance Criteria: Student must pass a written test to demonstrate their ability to use the classroom resources provided to receive course credit.
